If Brenda Cooper

IS GONE, WILL

MCIVER

STATUE BE

Oh, she had hinted at the possibility, but nobody took her seriously. She mentioned it at the staff retreat last spring. We just laughed it off, that's just Brenda talking. She is, you know, a talker. Retirement? Come on. As executive secretary of the Alumni Association and director of Alumni Affairs, Brenda's as much a fixture at UNCG as the statue of Charles McIver in front of Jackson Library.

She wasn't kidding. Those weren't hints, it turns out, but something on the order of warnings. Brenda Meadows Cooper '65 is officially gone, but she has agreed to stay on until a successor is named.

She retired August 1, 1995, ending a record of service to the University and the Alumni Association that spanned twenty-seven years. Actually it was longer than that. Brenda's involvement with the Alumni Association began in 1962 as a student assistant in the Alumni Office.

Brenda has two degrees from UNCG, a bachelor of arts in elementary education in 1965 and a master's in guidance counseling in 1973. As an under-

graduate, she edited Pine Needles, the student yearbook, during her junior year. She was an elected representative to the Student Legislature and a member of the Student Elections Board.

She was elected executive secretary of the Alumni Association in February 1990, succeeding the late Barbara Parrish '48 with whom Brenda worked for twenty-one years. Brenda was named director of Alumni Affairs for the University, effective July 1, 1990.

Although it is a temptation to talk about Brenda wearing two hats, she really only wore one, and it had UNCG stitched on it in tall bold letters for all the world to see. She is single-minded about UNCG, a zealous promoter and defender of both the University and the Association which, in her eyes, are entwined to such an extent they are inseparable.

As executive secretary of the Association and director of Alumni Affairs, Brenda served as a link of sorts, and she was aware of it: "As a student, alumna, and member of the Alumni Office staff, I have been involved with

UNCG for nearly one-third of its first century." Her office was the same one Barbara Parrish occupied for thirty-four and a half years, and at a casual glance, it looked pretty much the same — organized clutter. To her, like her predecessors, the Alumni Association was a large extended family requiring her personal attention to births, deaths, weddings, anniversaries, job searches, and sometimes finding an apartment for an alumna's son or daughter in Greensboro.

She also had the task — some, at the time, might have said unenviable — of overseeing in a day-to-day way the transition of the Association into a more autonomous organization less dependent financially on the University. After a turbulent start, Brenda's cheerfulness and good nature helped smooth the passage to a new era.

Although some might be surprised to learn of it, Brenda had a life before joining the Alumni Office. She taught at the Children's Home School in Winston-Salem for three years and worked part-time two years as a librarian at Bowman Gray School of Medicine in Winston-Salem.

She is a member of Delta Gamma Kappa, the national honor society for women educators and has been an active member of the Council for Advancement and Support of Education. She is a former member of the NC Regional Commission on Higher Education and Campus Ministry and has been a member of the board of trustees of the Wesley Foundation.

With her husband, Jim '68, and her four cats and two dogs, she soon will have more of a life outside the University. How will she spend all that free time?

In 1968, when Barbara Parrish hired her as assistant director, the University News Bureau sent her a form to fill out and return. The form asked her to list her interests and hobbies — this was before she married Jim. Brenda wrote:

"People, antiques, needlework, cooking, and my two Siamese cats. (Sounds rather old maidish, doesn't it?)"

Old maidish?

When she had just married a university?

UNCG, the Alumni Office, the Alumni Association and the Alumni House have been a part of my life since I entered as a freshman in 1961 and began work as a student helper in the Alumni Office. After graduation and during my three-year teaching career in Winston-Salem, I served as representative of my class to the Alumni Board of Trustees and as a member of the Service Awards Committee. When the Assistant Director position was created in 1968 and was offered to me, I knew I had found "the perfect job."

In January of this year I made the hardest decision of my life thus far. As I wrote in my letter announcing my retirement plans — I have now reached one of life's crossroads and find that I want to devote more time to my "other family" and to the quality of my life. While I am still relatively young, I want to wear purple and pick more daisies.

Since my decision I have been

overwhelmed by the generosity of your gifts — the tangible ones and your written and verbal messages of remembrances and good wishes. I am slowly writing to each of you personally but may I express here my deep-felt gratitude for all of these wonderful things and for the spirit in which you gave them? Few people are blessed to find the perfect job and then to be able to work at it for more than a quarter of a century in an office as elegant as the Alumni House. I will be ever-grateful for the opportunity and privilege of working for the University and for the Alumni Association and for having crossed paths with so many special people such as you over the years.

Together, we have written yet another chapter in the Alumni Association's story, and the tradition of strong support for our alma mater continues to be the theme. The agreement signed between the Alumni Association and the University has reopened avenues of communication and reaffirmed the common aims of both. Opportunities abound for each to lend strength to the other's programs and activities.

Alumni are now in the majority on the University's Board of Trustees and in the membership of the University's Excellence Foundation Board. Alumni input has been sought by the University on many ad hoc committees appointed during the past few years and this trend will continue. Alumni support is needed now more than ever, and the Univer-

sity must look to the Association as a means of fostering that support. If our Association is to prosper, we must ever be aware of the need for us to be our alma mater's strongest advocates. The University relies on us — the Association — to continue to provide programs, publications, and activities that foster alumni and community understanding and support.

UNCG continues to be a very special place. Each of us tends to remember the University's best times as those years when we were students. We sometimes "disremember" that just as we have changed to adapt to our changing life styles and the demands of society, so the University must change to meet the needs of today's students just as it met ours when we were on campus. The things that made the University so special to us remain - the excellence of the faculty and the devotion and support of alumni — these are our sources of stability and strength.

As I retire we close a chapter and open a new one in the Association's story. The invitation to become and remain involved will stand. Please don't forget to let the Alumni Office know when you change your address. Continue to send news of the special events in your life so they may be shared via class notes. Send clippings you see about other UNCG alumni; you may be the only means of this information reaching the Alumni Office.

Talk about our University and tell the world you are proud of UNCG! Alumni are the best press agents any University can have. Interest the best students you know in attending UNCG and let the Admissions Office know about them so they can be contacted by the University. Read your mail from the Association and the University! Failure to give the correspondence at least a moment of your attention will waste the time and effort used to prepare it, and you might deprive yourself of an opportunity to participate in a rewarding and enjoyable event which has been planned with you in mind. Remain a member of the Alumni Association and encourage other alumni to join; the Association's future depends on its dues-paying members — annual and life members, alike.

Your next Alumni Secretary will need the benefit of our experience, wisdom, foresight, and personal contacts as together we write the next chapter. I have assured each candidate for the position that they may count on that support. Being beyond a distant horizon should not mean that we are out of touch with the University. Where we go, it goes. Where its learning extends, its ideals are cherished. Where its alumni are found, there we may feel valued. Together we must remember that UNCG is our college home where we are needed and always welcome!

1995 Alumni Distinguished Service Awards

lumni Distinguished Service Awards are presented to alumni of the University who have made significant contributions to the liberal arts ideal through service to others.

The Alumni Service Awards Committee reviews nominations and determines who will be recommended for consideration by the Board of Trustees of the Alumni Association, Sharon Weaks Franklin '83 chaired the committee this year.

The awards were presented during the Annual Meeting of the Alumni Association in May.

The first Alumni Service Award was presented in 1960 to Laura Weill Cone '10. Four alumnae received awards this year.

JoAnne Smart Drane '60 of Raleigh in 1956 was one of the first two African-Americans admitted to what is now the University. She went on to earn a master's degree in educational supervision from Duke University. A former first vice president of the Alumni Association, she has been a consultant to the Division of Teacher Education with the NC Department of Public Instruction. She has worked with the Wake Country School System in several positions, including director of federal programs and director of programs for exceptional students. At present, she is project consultant to the Historically Black Colleges and Universities Technical and Support Network. At UNCG, she has served on the Centennial Planning Board and the Chancellor's Search Committee. A parlor in Shaw Hall, where she first lived as a student, has been named for her and the late Bettye Tillman, the other African-American admitted in 1956.

Ann Heafner Gaither '53 of Newton was the first woman to be elected chair of the UNCG Board of Trustees. In her second term she resigned to accept an appointment to the NC Transportation Board. Ann is chair and chief executive officer of J.H. Heafner Company, Inc., a tire company with plants and outlets in eleven southeastern

states. In 1993 and 1994, Working Woman magazine named her one of the nation's top fifty female business owners. She has served on the advisory board of the Joseph M. Bryan School of Business and Economics and is a board member of the UNCG Excellence Foundation. She has served as a trustee at Davidson College, Gardner-Webb College, and the Babcock School of Management at Wake Forest.

Dr. Jaylee Montague Mead '51 of Washington, DC, is retired after thirty-three years as an astronomer and associate chief of the space data and computing division of the Goddard Space Flight Center in Greenbelt, MD. She joined Goddard in 1959 after teaching mathematics for two years at Woman's College, where she was Phi Beta Kappa with a major in math and minors in English and education. She earned a master's degree from Stanford University and a PhD in astronomy from Georgetown University. The Goddard Astronomical Data Center was established in 1970 under her direction, and she chaired the Goddard Scientific Colloquium, a series of weekly lectures at the Center. She has received the NASA Medal for Scientific Leadership and the Goddard Award for Outstanding Service. At present, she is a consultant to NASA and the American Astronomical Society. A former Alumni Association trustee, she has been elected second vice president of the UNCG Alumni Association.

Mary Elizabeth (Marilib) Barwick Sink '44 of Winston-Salem, after receiving her degree in English, earned a master's degree from UNC-Chapel Hill and was a Consolidated University Fellow. She was awarded an R.J. Reynolds Fellowship which she used for study at Oxford University, Edinburgh University, and Cardiff University. She taught at Woman's College and in public schools in Asheville and Winston-Salem. She chaired the media services department at R.J. Reynolds High School in Winston-Salem for eleven years. Marilib is a former president and vice president of the UNCG Alumni Association, and has been a member of its board of trustees. She has chaired the Service Awards Committee, the Nominating Committee, and the Buncombe County Chapter of the Alumni Association. She was co-chair of the alumni committee for the UNCG centennial celebration and co-chair of the 50th reunion gift committee of her class. She and her late husband, Jack, established a fellowship for study in the humanities at UNCG.

Where Randall Jarrell Lectured

· BY MARY JARRELL.

Although idle and in disrepair for years, the Jarrell Lecture Hall in Jackson Library's "lower south side" experienced a rebirth this spring that brought out friends and admirers for its rededication ceremony May 12. Among them were Chancellor Patricia A. Sullivan (noting the Hall's new multimedia capabilities, symbols to good teaching), English Professor Fred Chappell (paying tribute to his colleague Randall Jarrell as a "complete man of letters"), and Mary Jarrell, the writer's widow, who shared her words straight from the heart:

I've been looking forward to this day, and what a treat it is to gather with you in the born-again Jarrell Lecture Hall. Old things have passed away indeed, and we have new colors and new seats, new handicapped access and, in a few minutes, new electronic miracles will be performed.

I like it. It's handsome, and isn't a lecture hall fitting to honor a teacher? That it is part of a library is to have chosen Randall's favorite building on the campus. In fact, here are his very words from a talk he gave to the American Library Association:

"I rarely feel happier," he told

them, "than when I am in a library — very rarely feel more soothed and calm and secure. And there in the soft gloom of the stacks, a book among books, almost, I feel very much in my element — a fish come back to the sea; a baby come back to the womb. I like libraries so much that it depresses me my cat can't go to the library and get out books." (Randall and that cat were tight.)

"When I was a boy," he went on,
"I never had more than a sweet-roll
and a half-pint of milk for lunch
because I spent half my lunch money
on streetcar fare to the Carnegie
Library in uptown Nashville."

He got his first library card there

at age six; he often waited there for his mother to pick him up after work; and he had a crush there on a young red-haired lady assistant in circulation. So, as a grown man he wrote a poem about this first, never-to-beforgotten library entitled, "Carnegie Library: Juvenile Division."

Another love ode of this nature was a tribute to the grandly muraled Los Angeles Public Library where at age fourteen he went whenever he could catch a ride during the year he lived with his grandparents in Hollywood. That poem was called "Children Selecting Books in a Library."

Later, during World War II, while

Randall Jarrell on a spin with the family — no doubt heading for a library.

Ted Will mehby for V

Randall was stationed at Chanute Air Field, he sequestered himself in the solitude of the laundry room on top of the laundry bags and wrote, among other poems, one called "A Soldier Walks Under the Trees of the University." The soldier was Sergeant Randall Jarrell, the University was the University of Illinois, and the walk under the trees was taking him, where else? To the library.

After the war and a year at Sarah Lawrence, Randall ached, as only a Southerner can ache, for the South and he gladly came to teach at the little-known then, Woman's College with its little two thousand enrollthose dopey classes you've signed up for and sit in on mine." I did. And it led to marriage.

I brought two dearly-loved daughters to our household in Greensboro and he brought his dearly-loved cat. Randall was teaching and writing and I was sitting in on the poetry class and — at home — getting to hear his own poetry and prose hot off the typewriter. "Not only were we happy," Randall quoted Kipling on Kipling's family, "We knew we were happy." As if this weren't bliss aplenty, Washington beckoned and we lived there for two years while he was the Poetry Consultant — nowadays,

After the war and a year at Sarah Lawrence, Randall ached, as only a Southerner can ache, for the South and he gladly came to teach at the little-known then, Woman's College

ment of future teachers of Home Ec. and Phys. Ed.

Taking one student to stand for all, Randall wrote a wicked poem, (the feminists say) about a Home Ec. or Phys. Ed. major studying for her exams. It is called, "A Girl in a Library." Our own Jackson Library.

One summer after this, Randall interrupted a tennis vacation in Cape Cod to teach at a writers' conference at the University of Colorado in Boulder. I, a student from Laguna, was there to study The Short-story, The Novel, and How to Write for Magazines: But not Poetry. We met at the get-acquainted party the first evening and Randall quickly suggested we depart and take a walk. He was as new on that campus as I was and yet... and yet, our seemingly random steps took us directly to the library. Although he'd never set foot in that library, in an instant he had me settled in the reading room with a volume of Chekhov's stories opened at "Rothchild's Fiddle" and he was deep in the stacks finding the books for his class next day. Before the evening was over, Randall advised me in a professorial way, I thought, to "wash out

The Poet Laureate — with an office on Capitol Hill in, yes, the Library of Congress.

Washington had the Budapest Quartet in residence and the Folger Shakespeare Library; and the Zoo; and the Redskins in their prime. There was London tailoring and Rhine wine; the Colony Restaurant; and superior tennis players. Vermeer, Vuillard, Thomas Eakins, and a Donatello were just down the road, and to top it off, the Poet Laureate only worked half-day. On the other hand, one essential for Randall's heart's content was lacking: Students. In our second year there he was lamenting in letters and living rooms, "Believe me, I'll never go anywhere again where I don't have students. Never."

We had left a college in Greensboro that Randall described, affectionately, as "pastoral" and came back to a budding university with men students soon to enroll, black students, graduate students, and big classes. Randall received honors in those years: The National Book Award, membership in the Institute

of Arts & Letters, the \$5,000 Ingram-Merrill Award, and an honorary degree from Bard College — aptly named. He'd written seven books of poetry, four of literary criticism, several books for children illustrated by Sendak, and a novel. He'd translated Goethe's Faust: Part One that was premiered here at Taylor Theatre and translated Chekhov's play The Three Sisters that was performed by the Actor's Studio for seven months on Broadway. Especially dear to Randall, now full professor with Sabbatical, was, as he said in his acceptance speech, the O. Max Gardner Award from the trustees of the University that cited him not only for his "achievement in letters intrinsically beneficial to humanity" but also for "outstanding success in teaching."

Thirty years ago Randall was side-swiped by a car and killed, and he is buried in the Quaker graveyard in Guilford College. His marker is shaded by a fine tree where a mockingbird often holds forth: It is a peaceful resting place that I can see as I drive by on New Garden Road.

However, just as meaningful to me is that his name lives on these many years after in this lecture hall where he lectured. In this library where, in the stacks, there are books he read and books he wrote. Lives on in the manuscripts Emmy Mills displays so imaginatively in the Special Collections. And of course, it is a deep pleasure to me that he is remembered today as an "outstanding teacher" among other outstanding teachers of this University.

I want to congratulate the Jarrell Lecture Hall on its new life, and my blessing is that it have many eager teachers and eager students for many semesters to come.

Mary Jarrell edited *Randall Jarrell's Letters* and is the author of *Jerome: The Biography of a Poem, The Knee-Baby*, and, to be published this fall, a memoir volume, *Remembering Randall*.

Employee's Suggestion Saves UNCG \$40,000 a Year

Chancellor Sullivan with Mr. and Mrs. Tom Hailey

UNCG maintenance mechanic's suggestion on how to reduce the University water bill saved UNCG \$40,000 last year and put \$5,000 in the employee's pocket this past spring.

In a campus ceremony, Chancellor Patricia Sullivan thanked Tom Hailey, a mechanic at UNCG for ten years, and presented him with the check and a plaque. "I think it's a wonderful tribute to his ingenuity and resourcefulness," she said.

At Hailey's suggestion, the University now meters water used for irrigation, cooling towers, and steam generators that is not returned to the sewer system, and avoids sewer charges for that water from the City of Greensboro.

The NC Employee Suggestion System provided the reward, a sum equal to 25 percent of the amount saved. Hailey said the money will go toward a daughter's college education.

Sister Surprises Jane Guy '45 With Scholarship in Her Name

o honor her sister's graduation fifty years ago, Martha Guy of Newland has established the Jane Guy undergraduate scholarship at UNCG. Jane Guy '45 has been a clinical social worker at the Veterans Administration Medical Center in Salisbury for the past twenty-four years. She was attending her fiftieth reunion when the scholarship was announced to her surprise.

Proceeds from the \$50,000 endowment will be used to award an annual scholarship to a student from Avery County. If no student is available, preference will be given to students from Ashe, Mitchell, Watauga, and Yancey counties.

After graduating, Jane Guy obtained a master's degree from the University of Tennessee and became a social worker. She was an assistant professor of social work at the University of Tennessee from 1962 to 1971.

Study to Focus on Elderly Care In African-American Families

Dr. Dilworth-Anderson

A UNCG gerontologist will begin this fall a four-year study of how African-Americans care for elderly relatives.

With a \$1.09 million grant from the National Institute of Aging, Dr. Peggye Dilworth-Anderson will survey some 325 African-American families across North Carolina, concentrating on families where an elderly family member has a chronic or debilitating health problem.

Few African-Americans put

elderly relatives with health problems in nursing homes, Dr. Dilworth-Anderson said. She will study the network of family and friends who provide the elderly care and how the network changes over time.

Her co-investigators are Dr. Vira Kivett, a gerontologist and Excellence Professor of human development and family studies, and Dr. Theresa Cooper, a statistician and assistant professor mathematics.

Nancy Porter Scholarship Will Aid Women's Golf Team

An endowed scholarship fund has been established at UNCG to honor the memory of Nancy Ann Porter '50 who taught physical education for twenty-one years at the University and coached the women's golf team to the national championship in 1973.

Dr. Arthur and Jean Evans of Signal Mountain, TN, established the fund for the benefit of members of the women's golf team with a gift of \$200,000. Jean Evans and Nancy Porter were sisters.

After leaving UNCG in 1973, Nancy helped develop an effective therapy for chemical dependency that is used by treatment programs throughout the United States. She helped train the first Russians to treat alcoholism, and at the time of her death last year, she was a vice president of Heritage Health Corp. in Melbourne, FL.

56th Annual Girls State Attracts 336 to Campus

Three hundred thirty-six girls from across North Carolina were on campus in June for the fifty-sixth annual Tar Heel Girls State sponsored by the American Legion Auxiliary.

Guest speakers included Gov. Jim Hunt and Secretary of State Rufus Edmisten. Girls State simulates local and state governments. Participants divide into two political parties, hold political conventions, write party platforms, debate legislation, elect a governor and other officials.

Girls State has been held at UNCG since 1940, making it the longest-running Girls State program in the country. The program director is Gaye Barbour Clifton '81, treasurer of the UNCG Alumni Association, and director of resource development at Rockingham Community College.

During that weekend in May when it's all over but the shouting, there are quiet moments, when it's just you and your thoughts. All those papers, quizzes, and exams. They dance and swirl in your eyes like so much paper flying before a cold wind, and then they settle, as if fhe wind died down, and a sense of pride wells up from the soles of your feet. It's so strong you tingle, and it spreads warm across your face like a blush.

Chancellor Patricia A. Sullivan this past May presided over her first commencement at UNCG, which was the one-hundred-third for the University. Degrees were awarded to nearly 2,300 students — roughly 1,600 at the undergraduate level and 660 at the graduate, including 72 doctorates. Honorary doctor of science degrees were conferred on Dr. Mary Ellen Rudin, professor emeritus of mathematics at the University of Wisconsin, Madison, and Dr. Leroy T. Walker of Durham, president of the US Olympic Committee.

he walls of the Playhouse Community Theatre in Rocky Mount pulsed with the sounds of the UNCG Jazz Ensemble last April, thanks to the efforts of Norma Bulluck Turnage '60. Norma serves on the University's Board of Trustees and, a Rocky Mount resident herself, she brought a slice of UNCG talent back to her home community. Under the direction of the UNCG School of Music's own Dr. Craig Whittaker, the Jazz Ensemble presented "A Tribute to the Big Bands" to a foot-tapping crowd, including Chancellor Patricia A. Sullivian.

After the performance, alumni were treated to a reception at the Rocky Mount Arts and Crafts Center. Local alumni Juanita Davis

Andrews '48, Betsy Bulluck Strandberg '48, Agnes Ellen Gothard '49, Jane Gay White '48, and Luta Chipley '59 ensured that guests enjoyed themselves and met our new Chancellor.

Linda and Arvelle Moore served a barbecue dinner in their home for Chancellor Sullivan, the student musicians, Dr. Whittaker, and University officials. Linda and Arvelle's daughter, Kim, is a sophomore at UNCG. Fred Turnage, Norma's husband and mayor of Rocky Mount, presented Chancellor Sullivan with honorary citizenship of their fair city. Dr. Joe and Betty Ann Whisnant, parents of UNCG sophomore Rebecca Whisnant, and Janice Atkinson Cutchin '59 helped the Moores host the dinner.

Within the Districts ...

... District 3 Trustee Carolyn Jordan Clark '43 hosted a program and reception at the Robeson County Library in Lumberton. Thirty-two alumni and their guests were present to hear Cheryl Junk '91BA, '94 MA give a talk about service throughout the University's history — a presentation based upon her undergraduate Honors Thesis.

... District 13 Trustee Ruth White '43 chose a gorgeous day for local alumni to have lunch at Kelsey's Restaurant in Hendersonville, then travel to Flat Rock for a tour the Carl Sandburg Home. Penelope Niven, a Sandburg biographer, spoke to the gathering of forty in an outdoor amphitheater there. Trustees Shirley Brown Koone '56 and Jean Williams Prevost '50 helped Ruth organize the event.

... **District 1** Trustee Clara Bond Bell '47 hosted a tour of historic Hope Plantation in Windsor, NC, her hometown. A wonderful reception for alumni followed in the recently built Hermitage Center on the grounds of the Plantation.

... District 12 Trustee (and now, the Association President-Elect) Bobbie Haynes Rowland '51 welcomed alumni to the Gaston County Museum of History and Art for a reception, program, and tour in May. A slide presentation on the history of Gaston County was given by the museum director, and a tour followed of the exhibits in the main museum and in the Carriage and Buggy Museum. Helping Bobbie with the reception were B'Ann Jarvis Vance '54 and Janet Robinson Huskins '57.

Meet Laura Hill

There's another Laura in the Alumni Office these days, bringing the total to three. Joining Laura Lanier Lorenz '90 and Laura Auman Pitts '74 on the professional staff is Laura Hill, a native of Greensboro. She's fresh out of graduate school with a Master of

Public Affairs from UNCG; in fact, she came to work in the Alumni Office on May 8, had her last exam on May 9, and graduated May 14. She also holds an undergraduate degree from UNC Charlotte.

Laura Hill's title is Assistant Director of Alumni Affairs for On-Campus Programming, and she will work with Homecoming, McIver Conference, Alumni College, Young Alumni Programs, Senior Day, the Alumni Scholars Committee, the Alumni Career Network, the University Ambassadors, special constituent groups, and other programs.

"I'm enjoying working with alumni, supporting their goals and objectives for a strong Alumni Association with high quality programming," Laura said after her first month on the job. "I am excited about providing opportunities on UNCG's beautiful campus for alumni and students to interact."

Two other new staffers recently joined the gang in the Alumni House: Hazel Leftwich is the Alumni Office Receptionist — the voice you're most likely to hear when you call. Chris Ostrom is Alumni Programs Assistant and works with the three Lauras to develop events, trips, and services for UNCG alumni.

Board Action

April 8, 1995

Passed a motion to capture on videotape a tour of the Alumni House with Executive Secretary Brenda Cooper.

Accepted the 1995-96 Alumni Association budget of \$160,700.

Delayed the hiring of the Editor of Alumni Publications for two years.

June 3-4, 1995

Approved the 1995-96 budget.

Elected the members of the Executive Committee: Clara Bond Bell '47, Sarah Langston Cowan '65, and Alec Peters '83.

Passed a motion to ask the House Committee to review rental rates for the Alumni House.

Wilkes Alumni Host Chancellor

hancellor Sullivan brought good news and bad news to the alumni of Wilkes County this spring. She was a special guest at a reception at the North Wilkesboro Elks Lodge where about fifty area alumni gathered April 12 to honor Alumni Association President Susan Whittington '72.

First the good news: UNCG is thriving, as evidenced by the new degree programs and new academic rankings the University now enjoys. The bad news, as anyone connected with the state university system

knows, is that funding threats in the legislature are real, despite North Carolina's favorable economic status.

Susan, a North Wilkesboro native, presented Chancellor Sullivan to her hometown alumni. Among them were Helen Bumgarner Bell '39, a past Association Trustee and organizer of the event; John Garwood, also of North Wilkesboro, a member of the UNC Board of Governors; and Dottie Shiver Hubbard '52 who, with husband Julius Hubbard, owns the local newspaper, The Journal-Patriot.

Share Your Favorite Day Trips

Been anywhere interesting lately? Perhaps a tour of an historic site? A canoe trip down a sleepy river? A picnic at a state park? A visit to an art museum? A stroll through formal gardens?

We'd love to hear suggestions for short

day trips the Association might sponsor. And the trips don't have to depart from Greensboro

they could begin from anywhere in the US a bus can get to.

Any ideas? Write Laura Lanier Lorenz '90 at the address on the Table of Contents page.

Asks:

Why do many people seem to become angry or distressed over modern art?

Richard Gantt

Lecturer Department of Art

Answers:

The objectionable properties of modern art have been produced, exhibited, and widely discussed for almost a century, so it does sound odd that it can still generate such reactions. However, I believe there are

perfectly sound reasons for the strength of the emotions, and those reasons often lie outside the specialized range of intentions of the artist within the art world. Here are some thoughts that reflect comments I often hear and some possible explanations of their origins.

Part of the problem might have to do with simple physiology rather than cultural determinants. Our senses are directed toward

PROFESSOR, PLEASE EXPLAIN...

the collection of pieces of the world which are interpreted by the brain so that meanings may be assigned and a hierarchy of significance of the sensory events can be established. We are then able to use the sensory information to determine a course of action. This pragmatic role of the senses is crucial to our very existence. If a person is put into a position of

tory elements: On the one hand, we celebrate our national identity as one of diversity unified by our political institutions; on the other, our democratic structure is to remove the limits on the individual so that she can rise to levels of achievement that are set more by personal ability than by societal conventions. In America, fine art is usually the expression of an

being unable to make meaningful order of the sensory data — as in looking at a highly abstract work of art - she will not be able to resolve the process. Standing before a painting that makes no practical sense, and yet hangs within a room where all of the other experiences — walls, floor, door, light switch, discarded gum wrapper — behave in their comforting, expected manner, will undoubtedly be disconcerting. This creeping feeling of disquiet naturally summons emotional states which preclude the contemplative frame of mind needed to establish a dialogue with the art object. It is one thing for the turmoil to be in the art — its subject or formal properties and guite another for it to be in the viewer. The viewer's agitation may be most directly resolved by removing herself from the source of the irritation, which is certainly no way to come to understand the art.

If an exploration of the potent effects of associational seeing are outside the perimeter of the inquiry, the sociological aspects of art objects within the American cultural context are decidedly within it. In our democratic society we have increasingly come under the tension produced by our trying to yoke two contradic-

individual sensibility rather than a collective (an academic doctrine of taste or governmental patronage, say) point of view. The concept of the *individual* presupposes the person is apart from the group. It is not at all surprising that the very distinctions that mark the defining identities between the one and the many are often the subject matter of art. Likewise, it is usual that presentations of distinctions are rarely offered or perceived as neutral statements but as evaluative criticism instead. I can think of few who are grateful for a public airing of their faults — particularly as those areas under attack by the individual are often the very ones that the members group regard as comfortable indicators of positive values. Such characteristics of the individual artist and her art as sincerity, determination, and perhaps even accuracy only serve to magnify the insult. Yet it is simply the case that the conventions that harmoniously nourish the group starve the individual. It is unlikely that this difficulty could be resolved in our art because we cannot resolve it in our society. Indeed if we could, would we really want to? Resolution would necessarily indicate that we would have lost our national identity.

In addition to the tug of war between the individual and the collective, there is in America an especially messy relationship between the traditional cultural structure that includes fine art and the world of popular culture. Americans often indicate that they believe work is serious, vital, while culture ought to be fun, and an "extra" that distracts them from the mundane. This polar position is perfectly fair if we pair work with entertainment. However, one can not make entertainment synonymous with art. Artists often pull subjects from aspects of life which certainly are not entertaining. Also, as mentioned above, art objects may embody formal and stylistic principles which do not readily communicate easily to a viewer who is not conversant with those interests. Popular culture consists of nothing but entertainment: Art has other work to do. Additionally, perfectly appropriate evaluations people have to entertainment like or dislike — are usually meaningless when applied to art. Art cannot be faulted for not succeeding at entertaining when it was never intended to be so.

Perhaps when thinking about art, it would be useful to summon the image of a library. There are many, many types of books and periodicals, and we certainly would not think all could be read with the same expectations, interest, degree of concentration, or even level of ability needed. And just as a library encompasses such varied experiences, so art is a small word that embraces the same human complexity through other means of expression. Long before written history, art provided tangible expression of experience and aspirations — the mundane and the dream. It still serves those crucially human provinces. Humans have consistently used the known to explore the unknown. Art is often the bridge.

I wish you interesting viewing.

Class of

Reunion Report

by Isabel Palmer Hoad

For five members of the Class of '40 "reunioning" started May 9th instead of May 12th. Way back in January we were invited to be guests of Helen Howerton Lineberry, first at her mountain house and then in Greensboro. We met at the Greensboro Airport — five of us who hadn't seen each other in over fifty years. Helen, **Emily Siler Rothrock** Durban, Marion Okell Murch, Impie Palmer Roscoe Hoag, and Caddie Walker Farish. Wow! What a moving experience to sit around the table that evening each telling their life story. War, marriages, babies, joys, sorrows — we laid it all out. How quickly old ties grew strong and warm again. We can't thank our hostess enough for this marvelous opportunity.

Three days later we drove back to Greensboro and became members of the Class of '40 returning to campus fifty-five years

after graduating. We registered at the Alumni House and took a bus tour of campus. It was hard to believe what our eyes told us! A few spots looked familiar — the quad where "A" and "B" are now "older" dorms, President Jackson's house, Curry, McIver, dining halls, and the Alumni House. That was about it. All else looked strange, new and big. New library, new Phys Ed complex, Elliott Hall, and the corner where we hung out at Bert's — all hard to believe. W.C., like Greensboro, has seen tremendous growth in the years since 1940. We found it sobering. The afternoon tour of Weatherspoon Art Gallery took our breath away. Was this really the same campus we'd known so well? Hard to believe, but when we left there were just under two thousand students. Now there are 12.000. No wonder things look different!

Friday evening 37 returning class members

were dinner guests at Emma Sharpe Jeffress' lovely home where we ate delicious crab quiche prepared by Home Ec. department — now called School of Human Environmental Sciences. Tables were set on the veranda where a full moon shone down on us through pine trees. The setting could not have been lovelier. Then a short (well!) meeting and we'd settled our little bit of class business and said good byes — happy to know we'd see each other again in the morning.

Saturday breakfast for Vanguard folks (those graduated over fifty years ago) was at Weatherspoon courtyard. Our big round Class of '40 sat between the waterfall and large, horizontal brass of two figures totally absorbed in love making. We didn't bother them and they didn't disturb us. It was a unique breakfast ambience for sure.

New chancellor Patricia A. Sullivan spoke telling us of yet further growth goals. There are now sixteen educational facilities across the state under the auspices of UNC! Certainly this broad expansion in education is what our country so badly needs. Pardon my soap box but if we don't have an informed (i.e., educated) electorate we can't make our democracy work.

After breakfast we moved to Aycock where we were again welcomed. Aycock, by the way, was unchanged and felt like home. Picture taking next and it was time to say a few more hellos and then good byes.

Laura Pitts in the Alumni Office said ours was by far the largest group of alumni to ever return for their 55th anniversary.

Weather was perfect, program exceedingly well run and Class of '40 members who could make it are glad they did. If you didn't make it this year aim for next. I hope I'll be back.

Class o **Reunion Report** by Henriette Manget Neal

Fifty years ago, 388 young women set out after graduation wondering where they were going. The Golden Anniversary, attended by 115, was a landmark in where they have been.

The hair may have been a little grayer or a different color altogether. Maybe more "laugh lines" appeared, and chins hung a little lower. Figures may have been more endowed and more glasses topped noses. But the packaging contained the great product instantly recognized by spontaneous laughter, heartfelt greetings and vigorous conversation. These gals were all self assured. The ten who

attended their first reunion felt at home and not lost in a crowd. Age is a great equalizer! Admiration is a great bonder.

The campus flowers, not the buildings, made the best first impressions. Beautiful beds accented entrances and walks with vivid color. Spring rains left trees, grass and shrubs in fresh shades of green. Applause to the grounds crew! Brick walks added charm also.

Dianne Page Bench, appointed "co-chairperson" Dee Price Boquist and Pat Fordham Myrick from the "home on the range" in Austin, Texas. They in turn had a first rate group to do "leg-work" on the details.

Neil Lowe Rankin "cheered" the class to a \$100,000 scholarship gift presented by Dianne in Aycock Auditorium to our first female chancellor. Patricia A. Sullivan, She also presented funds for a samovar for the Alumni House.

"Mastering" our banquet in the dining hall amid clever flag centerpieces, Ruth Cowder McSwain turned on the humor with help from skits by groups who recalled campus life. Richard Bardolph and Mae Adams represented faculty. Dr. Key Barkley (age 93) and Anna Rierdon sent regrets but best regards. Most faculty and seventy-four classmates

were with us in spirit from their celestial homes.

The Faculty Center, our headquarters, echoed WW II in decorations and hosted informal gatherings as well as our class meeting on Saturday. The finale was a "happy hour" that invented itself for those on their way to socials, and an "order in" supper evolved for those who wanted to park. The doors closed with fond farewells.

Best wishes to Laurene Renfrow Harn and Sara Blanton Johnston and others who couldn't come at the last minute. We missed all who couldn't make it. Hope you missed us too. See ya next time!

Class of

Reunion Report

by Nurry Nixon Dodge

Thomas Wolfe was wrong! You can "go home again." Our class went "home" to W.C. for our 45th reunion and it was deja vu, girls. From Michigan to Greensboro we came back, some of us for the first time. We hugged and talked (all at once) and laughed and looked at old photos (and laughed some more).

After dinner Friday at Rose Potter Garvey's home, bless her hospitable heart, Reunion Committee Chairman Saralou "Little Bit" Debnam Caliri, I.A.N.T.C. ("I Am Not The Chairman") and her committee gave us a wild rendition of two songs with original lyrics that reminded us of all our W.C. yesterdays. Miss Anderton and Miss

Cunningham were with us there.

Saturday morning when we gathered in Aycock and our new chancellor was introduced, the noise level hit a new high. All those generations of all those women students and finally, finally, Dr. Patricia Sullivan arrives, a woman chancellor!

Everlasting Secretary and acting Everlasting President Oriana McArthur McKinnon presided at our class meeting. Dr. Bardolph and Dr. Sullivan spoke to us briefly. The Chancellor referred to our obvious affection for each other and the University. Oriana read a list of our classmates who are no longer living and we observed a moment of silence in their memory.

We talked about our first and our lasting impressions

of our college. Of the Honor System and the faith the faculty had in us that we would do well, of smiling faces everywhere and of life-long friendships forged, of being encouraged to "be yourself" and to do your best. We remembered being taught that we were some of the brightest and best educated, and that we must be "doers" in our world. We learned the difference between educating a man and educating a woman!

Here's who we are today. As Oriana said, "We are unique, we have always been." We are survivors of illnesses and the loss of loved ones. We have retired, and we're also still very involved in our careers. We're beginning new careers in politics and business, in the arts and as

dedicated volunteers. We have new husbands, we also have grandchildren and great-great nieces and nephews. Some of us are still studying. The northern ones of us can now understand the southern ones and of course we all cook wonderful! Little Bit says, "We're well padded every way but in our treasury," so we passed the hat and collected \$517 for that.

We selected our 50th graduation anniversary gift to the University. Because we are the W.C. Jackson girls, we voted to fund archival restoration and preservation at the W.C. Jackson Library.

Hope to celebrate our BIG reunion with you in five years, the first year of the new century. Wow!

Class of

Reunion Report

by Rachel Warlick Dunn and Trick Gorden Beamer

On the occasion of this 40th reunion, we gathered in headquarters at Elliott Hall and exchanged many hugs from our 1955 classmates. Our hostess, Rachel Warlick Dunn, provided music of the 50's and was assisted by Trick Gordon Beamer and Sue Starrette Ernest who added many pieces of memorabilia, snacks and beautiful red geraniums accented with red and white balloons. Throughout the day we met here and visited — even posed for photographs!

Our 40th Anniversary dinner under the moonlight of the Sculpture Courtyard at the Weatherspoon Art Gallery was a delight for all of us.

White gloves with red balloons attached anchored each round table complete with a WC ring and a red ribbon reminded us to never forget the Class of '55. Doris McPhail Hall and Sue S. Ernest filled the white gloves with bird seed. You do remember from our class song "We have the best seeds to sow." To the classmates who couldn't be there, you missed the organizational skills of Trick and her excellent reunion committee, the artistry of Doris, Sue, Rachel, Marty Washam, Alice Joyner Thompson, Henrietta Bruton Huffines, Jo Okey Phillips, and Marianne Carson Shuping. To highlight our dinner, Dr. Ellen Strawbridge Yarborough ("Petunia") took us back to

memory lane as she regaled us with tales of the "good old days," and how they made a mark on our lives! The 1955 bookmark favor (designed by Doris) will remind us of our wonderful reunion weekend — the Class of '55.

Deanie Chatham
Calaway led us in a short
class meeting which was
highlighted by the singing
of our class song. Prior to
our dinner we were honored by a visit of Chancellor
Patricia A. Sullivan. What a
charming lady!

Friday night in Mendenhall dorm was like a house meeting — only more fun — sharing photos old and new and just catching up.

Saturday, some of us

had breakfast in the University Dining Hall after which we met at the Alumni House. There we donned our white glove trimmed with a red ribbon (done by committee) and walked as a class to Aycock. On the way we waved with our gloved hand and represented our class well. Again we sang our class song. The class photo was taken after the alumni meeting. Following lunch in Elliott Hall we gathered in our headquarters for another discussion of our class gift which will be presented at our 50th. We need full support of our class. We missed those of you who were not with us. Won't you plan now to join us in 2000!

Class of

Reunion Report

by Katie George Jones

Laughter, my friends. That's what I best remember about the 35th reunion of the Class of 1960 — laughter rising like champagne bubbles to burst and rise again! To those of our classmates who could not be present, you missed a rare opportunity to give your rib muscles a grand workout.

For twenty four hours we reveled and reminisced, swapped yarns, and, yes, even spoke seriously about tomorrow. After all, in fifteen years we will have our 50th Reunion and that entails a class gift to the University. (Watch for a letter in late summer about W4 — Weird, Wacky, Wonderful Ways to raise money for our project!) We pledged friendships anew, caught

up on the 'doings' of absent gals, and promised one another we would never grow old.

Sandy Margolis Smiley, our class president, and her telephone crew organized and galvanized the gathering with effortless panache. The Alumni Association rolled out the red carpet, and Mother Nature provided spectacular spring weather.

There were moments to store and treasure, pictures to remember long after we had returned home: The Freshman Quad on a still May morning; buildings where woods once grew; the modern dining hall with choices, choices, choices — so different from old Spencer; C.D. McIver right where he belongs; the Corner, our general store for four years; the old dorms exactly as we

left them. Of course there were changes, but in our hearts it was still W.C.

At the Friday night dinner I marveled at what a distinctive group of alive, vital, successful women we had become. Taken all together, our lives have woven a tapestry of incredible richness. Those of you who were absent in 1995, please join us in the magical year 2000 because our picture won't be complete without you.

Perhaps the best way to sum it up would be to rephrase an old popular song:

Like vintage wine from fine old kegs, From life's brim to the dregs We pour sweet and clear. The Class of 1960.... It was a very good year!

Reunioners: Minnie Vanhoy Anders, Louise Black, Becky Shuping Blankenship, Chrystelle Trump Bond, Alice Pritchett Boyette, Carolyn Ross Briggs, Ann Hogan Brown, Carolyn Hill Bulla-Brinkley, Elsie Bryson Bush, Betty Brown Chambers, Patsy Leatherwood Cook, Sylvia Johnson Criner, Nikki Heiserman Davis, JoAnne Smart Drane, Merrille Davis Ford, Barbara Southerland Griset, Crawford Steele Grogan, Glenda Stephenson Hales, Liliane Schreiber Hamilton, Suanne Haney, Rachel Brett Harley, Marie Cardwell Harrill, Becky Dixon Halcher, Louise Luther Haynes, Pat Hart Heffelfinger, Kay McIntyre Horne, Anne Craig Howell, Katie George Jones, Margaret Carter Jordan, Eleanor Zwicky Justice, Pat McQuague Lackey. Class of

Reunion Report

by Sue Medley

Once again the familiar lyrics, "We've got the spirit, We've got the pride, We are the Class of '65! reverberated throughout Aycock Auditorium. Classmates returning for the Big 30th Reunion sang with gusto before the start of the Annual Meeting of the Alumni Association on Saturday.

Our class sang again toward the end of the meeting in honor of Brenda Meadows Cooper who is retiring as the Executive Secretary for the Alumni Association. We surprised (overwhelmed!) Brenda, thanks to Sarah Cowan's secret planning. The celebration included a pictorial history that highlighted many impor-

tant events in Brenda's personal and professional life. Just as Brenda was recovering from watching her life flash before her, our class marched to the front to sing Judy Wolfe's lyrics to the once-popular "Memories Are Made of This."

All of us had practiced for our great singing debut during the Friday evening gathering at Sarah Cowan's home. The get-together also allowed us to catch up on all the news from roommates and friends who had come from far distances for this special weekend. Our thanks to Sarah, Cynthia Blythe Marshall, and JoAnn Elliott Davis who sponsored the fun-time for all of us.

During our class meeting on Saturday, we discussed the need to begin now to plan for raising a substantial sum to present to the University at our 50th reunion. Judy Wolfe is helping spearhead a committee's planning for various options we might pursue. Stay tuned for more information on strategies we will seek to accomplish our goal.

Be sure to read the "Class Notes" section of this magazine. Classmates at the reunion had much to share with each other about some of the important happenings in their lives since the last time we were all together.

We're sorry if you missed this special time. Plan now to renew friendships as classmates get together at the next reunion in the year 2000! It's a memorable experience!

Class of

Reunion Report

by Barbara Carol Carter

"We raise our voices: let them swell in a chorus loud and strong" ... oh, yes! And did we ever sing loud and often! The Shaw Snoopies started us down memory lane by greeting Pam Mars (1966-67 Shaw house president) with their dorm song and all weekend serenaded anyone who would listen... we did; by the close of the evening Saturday all of the '70 reunioners (and probably a few spouses) could sing it! None of the others could recall having a dorm song until Saturday night when the reunioners were treated to a private ("for your ears only") rendition of the Hinshaw song from two "Honeys"... was that ever "sweet"!

We marched with heads held high into the Alumni Meeting Saturday morning following Catharine Brewer Sternbergh who carried a staff adorned by a '70 class jacket in lieu of our missing class banner! While Judy MacKay Penny and I were approaching the podium to announce our class gift, classmates proudly sang yet another round of the fight song (maybe I shouldn't have distributed those copies after all!). BUT '70 is the greatest. It is the first time a UNCG class has attempted to endow a full scholarship to celebrate its silver anniversary! With pride in our classmates, we presented the \$35,000 check to the Chancellor and dedicated ourselves to increasing it to \$100,000 over the next two years.

When we gathered for

our class photograph, I lamented that Jan Galasso Stahl and friends were not wearing the wonderful psychedelic Class of 1970 25th reunion T-shirts they had at the picnic. To our delight, she surprised us with T-shirts for the class! Naturally, we had to have a second group photo to display our special gift!

Saturday night in Cone
Ballroom, we danced and
visited while "My Girl" and
other nostalgic tunes were
played by The Castaways.
Laughing, we piled in the
pink Cadillac in front of the
"Boar and Castle" while
Polaroids preserved the
moments for posterity.
During the band intermission
the '70's refrained from
singing the University Song
to the tune of "Ghost Riders
in the Sky" but did "enter-

tain" the other visiting alums with our fight song and the Snoopy song.

What a fun (and busy) time we had together! All through the weekend we were greeting arrivals and wishing well those leaving as our personal schedules required some of us to come for only parts of the weekend. When it was all over, fifty of our classmates (plus Betsy Buford, Bailey house president, and Pam) had traveled from as far away as California, Florida, and Michigan, and from as near as across Friendly Avenue. For those of you that missed the weekend, you were missed... plan to be at the reunion in 2000... come share the laughter and song!

Faculty & Staff

Dr. Guita Marble, retired professor of chemistry, has died at the age of eighty-eight. Former students remember her as an exacting, at times intimidating, teacher who insisted on good laboratory technique and high standards.

Henry F. Bennett, a retired campus policeman, died in Greensboro this past spring at the age of 79.

Reunion of Good Friends

Nine from the Class of '57 met last March during a four-day gathering at the home of Blanche Williams Willoughby in Atlantic Beach. All lived in Jamison Hall during their freshman year. First row (I-r): Janet Stanton Keith, Mot Ellis Hill, Ben Nita Black McAdam, Lu Stephenson Block; second row (I-r): Georgie Photinos Lira, Blanche Williams Willoughby, Fran Hosley LaFontaine, Jane Elder Moore, and Mary Henrie Arthur French.
